

User Manual for Bluetooth Speakers

2 x 15W 12V Bluetooth Speakers

Connection

When the Bluetooth on your device (smart phone and/or tablet) is turned on, please look for the device name of “DBS” (all caps) in the list of devices available, and tap on the name to connect (Passcode: 0000). The speakers will have a brief beeping sound as notification for successful connection.

Once connected, all audio from the smart phone/tablet (including phone calls and audio tracks from videos) will be played through the speaker, until disabling the Bluetooth connection.
